TRAIL NETWORK MAP

Trail Number & Name	Mileage
1 Willow Creek Trail	3.1
2 Dirt Magurt Trail	3.5
3 Powerline Connector	7.8
4 Bovine Nirvana	1.3
5 Shooting Range	1.2
6 Cartwright Road	1.7
7 Knecht Loop	3.8
8 Whiptail Ridge Trail	3.3
9 Spring Valley Creek Trail	3.5
9a Twisted Spring Trail	0.5
10 Burnt Car Draw Trail	3.1
11 Broken Horn Road	2.6
12 Fischer Lane (Broken Horn Trail)	2.4
13 Fiddleneck Ridge Trail	3.2
14 Stack Rock Ridge Trail	1.5
15 Baun's Eye Trail	1.5
16 Harlow Hollows (Multi-use)	1.7
16a Harlow Hollow Connector	0.9

- 1. Willow Creek Trail:** ■ - 3.1 miles. Narrow single track. Several, short, challenging rock sections, bridges, and a tough finishing climb. A great out & back ride, and a very rewarding descent.
- 2. Dirt Magurt Trail:** ● - 3.5 miles. Dirt road. Several very steep climbs/descents.
- 3. Powerline Connector:** ● - 7.8 miles. 2 track dirt road. Lots of elevation gain and loss.
- 4. Bovine Nirvana:** ■ - 1.3 miles. Narrow and technically challenging single track. Difficult up and down. Be on your game!
- 5. Shooting Range:** ■ - 2.1 miles. Twisty single track. Moderate climbing, big rewards. Several technical sections with rocks and a steep creek crossing. Connect with Bovine and Willow up to Sheep Rock for a long loop.
- 6. Cartwright Road:** ● - 1.7 miles. Dirt 2 track road. Fairly easy climbing.
- 7. Knecht Loop:** ● - 3.8 miles. Dirt 2 track. Extreme descents and climbs.
- 8. Whiptail Ridge Trail:** ● - 3.3 miles. Dirt 2 track. Several hard climbs/descent. Good access to reach Sheep Rock.
- 9. Spring Valley Creek Trail:** ■ - 3.5 miles. Flowing single track. Several rock gardens near the bottom. Trail follows Spring Valley creek. One of the best trails in the network.
- 9a. Twisted Spring Trail:** ● - 0.5 miles. Twisty single track on the South side of Spring Valley creek. Good trail for beginners.
- 10. Burnt Car Draw Trail:** ● - 3.1 miles. 2 track road. One monster climb at the 1.5 mile mark. Future plans to add single track south of the road.

- 11. Broken Horn Road:** ● - 2.6 miles. Gravel road with access to Hidden Springs neighborhood. Great way to access trail 12.
- 12. Fisher Lane (Broken Horn Trail):** ■ - 2.4 miles. Single track that can be ridden up and down. Recommended: ride down trail 11, up trail 12, and down trail 10 as a loop.
- 13. Fiddleneck Ridge Trail:** ● - 3.2 miles. Dirt 2 track with several tough climbs.
- 14. Stack Rock Ridge Trail:** ● - 1.5 miles. Not recommended. Dirt two track that dead-ends on private property. Future Stack Rock Connection planned.
- 15. Baun's Eye Trail:** ● - 1.5 miles. Dirt 2 track/single track. This is a great way to experience trail 12 in a shorter configuration. Recommended up or down.
- 16. Harlow Hollows:** ■ - 1.7 miles. Super fun descent, but can be ridden up. Trail follows the ridge line, offering a choice to continue on the ridge or turn left and drop a tight, twisty, exposed, single track that eventually rejoins the ridge trail. Highly recommended for skilled riders.
- 16a. Harlow Hollow Connector:** ■ - 0.9 miles. Exposed, narrow single track with a rock drop.

● = Easy Single Track; ■ = Moderate Single Track; ● = Dirt 2 track

Always wear a helmet, ride responsibly and with caution, as trail conditions are subject to change and varied degrees of interpretation!

What is SWIMBA?

The South West Idaho Mountain Bike Association (SWIMBA) is a 100% non-profit, volunteer organization dedicated to building a world-class, multi-use trail network in Southwest Idaho.

Why should you join SWIMBA?

By joining SWIMBA your annual membership fee helps to build, maintain, and secure land for multi-use trails in Southwest Idaho. Your membership also includes free clinics, skills classes, group rides, and festive events throughout the riding season.

Join SWIMBA at:
www.swimba.org

ADDITIONAL AND FUTURE PROJECTS

- \$20k support to the Eagle Cycle/Velopark – also worked on or built several trails and irrigation
- \$20K Support for Harrison Hollow land purchase
- Graham Mountain Trail - Bridge building and maintenance
- Mahalo II
- Coyote – Bogus Drop to road past Shaffer Butte Campground
- Rebuild Bogus Drop
- Reroute Daggett Creek out of the creek bottom
- Sweet Pea
- 15 miles of new trail in the Lowman district
